

ASD LEGA NAVALE ITALIANA SEZ DI CARLOFORTE

The logistic base of the Lega Navale Italiana Carloforte is in the little island of San Pietro, in the south-western coast of Sardinia. It was founded in 1993 and applied to the Italian Sailing Federation in 1994. The managing staff has a remarkable experience in regattas organization; the activity of the section is possible also thanks to the precious cooperation of the Technical Nautical Institute of Carloforte that, in case of need, put its structures and equipments at the disposal of the Lega Navale Italiana. The LNI works for the youth sailing activity development in southwest Sardinia and some of its athletes achieved considerable results. The LNI Carloforte cooperates in the organization of the International Regatta "La route du jasmin" Tolone-Carloforte-Biserta.
